# create...

Xerox have developed a unique collection of presentation, display and promotional products for the print on demand industry which is called the 'Create' range.

Every product has the ability to have a printed sheet inserted to produce the over printing and titling of the product.

Using mostly recyclable materials such as polypropylene, the create range is environmentally friendly and many of the products can be recycled. However, the key advantage is that they are reusable thereby reducing landfill and saving money on reprinting conventional products.

There are currently 26 products in the range all available from stock in box quantities with many more designs being developed on an ongoing basis.

Because of its flexibility and unique performance, the create range has become an essential added value item, not a fashion trend and therefore we believe it will have a permanent position in the future.

The key advantages of the range are:

- Added value
- Flexibility
- Choice of products
- Multiple applications for every industry sector
- Fast production solution
- Innovative customisation options
- Increase your product offering
- Cost effective
- Ideal for long or short runs
- Light-weight and portable
- Available from stock

## FROSTED MAGAZINE FILE - ASSEMBLY INSTRUCTIONS

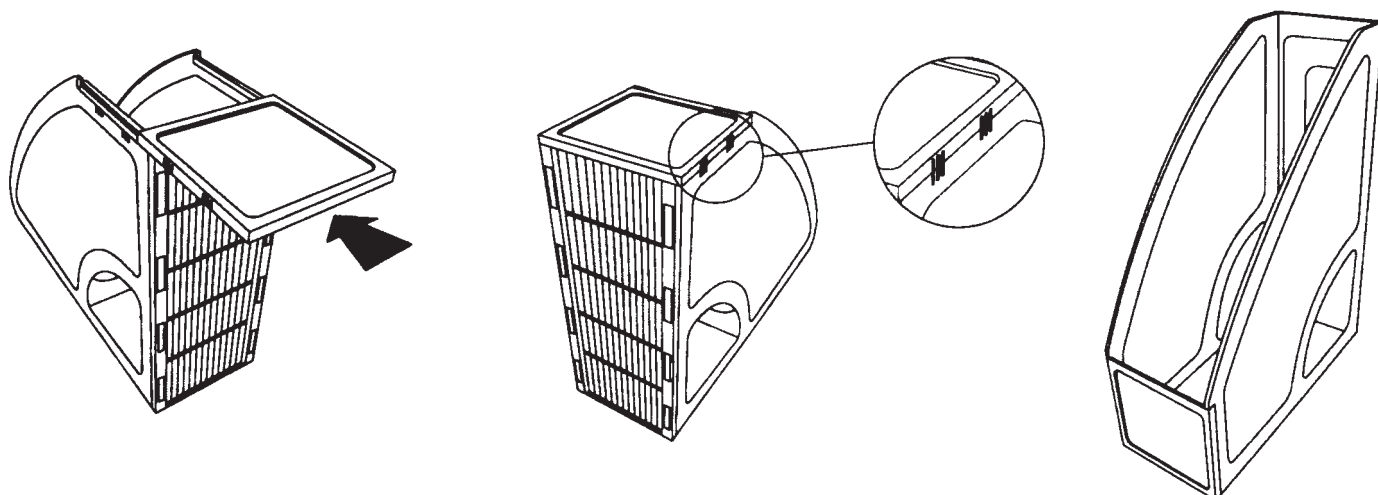

- 1** Lay the main panel flat with the display area window underneath so you are viewing the inside of the file.  
Fold the side panels up vertically.

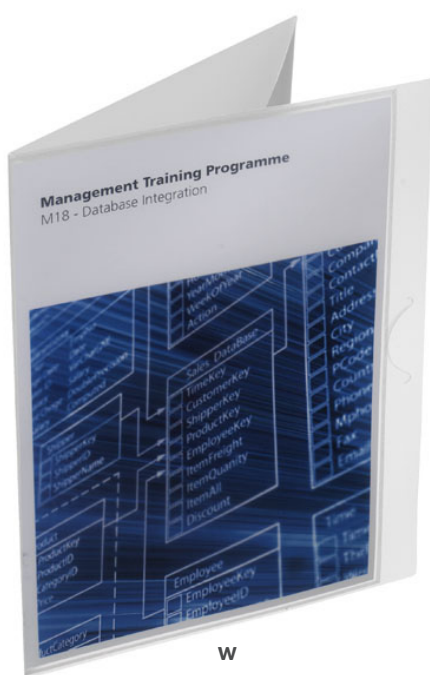

- 2** Slide the base panel onto the runners located on the bottom of each side panel ensuring the base arrow is pointing downward.  
Push and slide the base panel down completely so that the tab locks into the slot.

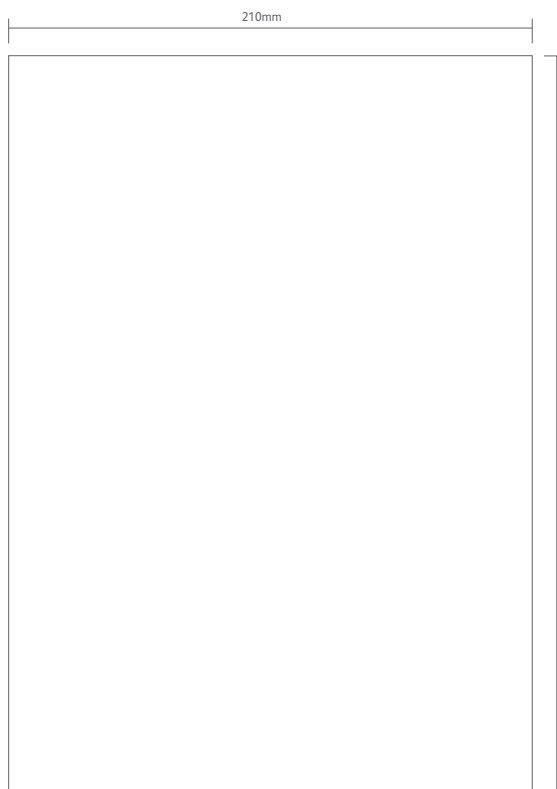

- 3** Slide the front panel along the runners located on the front of each side panel until the six notches on each side are aligned and it clicks into place.

<p>Description</p> <p><b>A3 TOTEM DISPLAY UNIT</b></p>	<p>This Box Contains</p> <p><b>x10 DISPLAYS</b></p> <p><b>x22 SHEETS</b></p>
 <p>The image shows a cylindrical display unit with a dark background. The text on the unit reads: "Welcome to the Royal Oak Hotel" in a mix of serif and script fonts. Below this is a photograph of a large, multi-story stone building. At the bottom, it says "This way to Reception" with a white arrow pointing to the right. Dimensions are indicated: 'd' for diameter, 'w' for width, and 'h' for height.</p>	<p>Panel Material</p> <p><b>Polypropylene</b></p>  <p><b>100% Recyclable</b></p>
